United States Forest Service finalizes plan to protect Apache Leap; approval comes after detailed consultation with stakeholders

A view of Superior from Apache Leap.

The United States Forest Service has finalized plans for the Apache Leap Special Management Area (SMA) to protect the culturally significant site above the town of Superior, Arizona. The approved plan is the result of 16 months of detailed environmental and cultural analysis and was developed in consultation with multiple stakeholders, including 12 Native American Tribes, the town of Superior, and interested members of the public. The creation of the Apache Leap Special Management Area was the result of bipartisan legislation passed by the US Congress and signed into law by President Obama in 2013. Resolution Copper project director Andrew

Lye said, “We were pleased to be part of the Forest Service consultation process on protections for Apache Leap. This is a major milestone and the broad consultation allowed us to understand the concerns of our neighbors and make adjustments to our plans to ensure that Apache Leap is fully protected in perpetuity.”

The Apache Leap Special Management Area protects and preserves the natural character of this unique topography and its ecology, habitats and scenery by prohibiting mining, livestock grazing and overnight camping within the Apache Leap SMA. The Forest Service conducted comprehensive

HLI Copper Corridor graduates

The Copper Corridor Economic Development Coalition has partnered with Valle del Sol for the past three years to host the Hispanic Leadership Institute (HLI-Copper Corridor). This year the 10 week course was held at the Central

Arizona College Aravaipa Campus. During the program the participants learn about how to work with the media, they learn about the governance of non-profit organizations and how local and county governments work. They also focus on setting their own interpersonal and professional leadership goals. The CCEDC has been the driving force in bringing this program to the area. The future of the region will depend on strong leaders to serve in each of the communities throughout the Corridor, “I am extremely grateful to have HLI in the Copper Corridor. The program is extremely helpful in recognizing,

developing and enhancing the talent that already exists in the area to become more focused on serving the residents in the Copper Corridor,” said Pinal County Supervisor Pete Rios.

The CCEDC is the community supporter for the program and the program was sponsored through financial support from Freeport McMoRan and Resolution Copper along with scholarships sponsored by ASARCO, Capstone and KGHM.

Valle del Sol has been developing leaders across the state for many years. The Copper Corridor program is one of their newest programs in the state. The 2017 class is the fourth class to graduate from HLI Copper Corridor.

“HLI Copper Corridor is the newest Hispanic Leadership Institute program, and perhaps has become one of the most important,” said Adam Falk, the HLI program director. “In just 10 weeks,

leaders from across the Copper Corridor have the chance to learn more about the issues facing this region and to meet the people working on those issues. Participants take part in activities that help them to embrace their abilities, and are given the skills to ‘activate’ their leadership potential directly after finishing the program. The alumni are not only the next generation of Copper Corridor leaders, they are today’s leaders helping to shape and drive the future of the communities they serve.”

In November, the Class of 2017 HLI-Copper Corridor graduated from the program. Participants graduating included Tino Flores or Kearny, Tomas Sublosky of Hayden, Christie Cothrun of Miami, Ruben Castro of Superior, Lisa Brazil of Globe, Nancy Hinojos of Kearny, Louie “Chacho” Bracamonte of Winkelman and Jesse Leetham of Globe,

Upward Bound is a college preparatory program funded by the U.S. Department of Education to help high school students who meet certain criteria be successful in high school and obtain a postsecondary degree by providing academic enrichment, cultural field trips, tutoring, guidance and counseling.

To apply, students must be currently enrolled at Coolidge High School, Vista Grande High School or Casa Grande Union High School and meet the following criteria:

The Upward Bound program includes a fall and spring schedule of activities at the student's high school and at the Central Arizona College Signal Peak Campus. Bus passes will be provided for students who need them along with stipends for exemplary participation. Fifteen hours of academic enrichment activities each month will allow students to receive tutoring assistance and workshops focused on time management, transitioning to college, and academic success. The program may include classes in Reading, Writing, Math, AzMERIT, PSAT/SAT/ACT test preparation, science, foreign language, and other courses in specialized fields. Additionally, Upward Bound will take students to visit college and university campuses throughout the state of Arizona.

Superior boys doubled up in loss

By Andrew Luberd
Superior Sun

In its first game in three weeks, the No. 15-ranked Superior boys' basketball team looked like it hadn't played in nearly a month during a lopsided 68 – 33 loss at home to Miami on Jan. 5.

Cedric Mendoza, a junior, led the Panthers with 13 points, shooting 6-of-6 from the field. Jared Moreno added six points, making both of his three-point attempts.

Sam Lopez and Matthew Perez led the Panthers with four rebounds apiece,

To be fair, the Panthers were not at full strength against the Vandals, as junior Steven Ybarra did not play in the game.

Up next: Jan. 12 vs Duncan and Jan. 16 vs Fort Thomas. Both games are scheduled for 7 p.m.

What Comes After 'For God So Loved The World'?

Most of us know and can quote John 3:16, but do we know verse 17? “God did not send His Son into the world to judge and condemn the world, but to be its Savior and rescue it.”

A savior is one who rescues a person from grave danger and then keeps them safe. A quick study of the Gospels – Matthew, Mark, Luke and John – reveals that Jesus did just that for us. He rescued us from a life of sin and undesirable results.

Unfortunately, many of us feel so comfortable with our past lifestyle, good or bad, that we fail to follow Jesus. We are not certain that He will keep His word or even try to help us. The Scriptures, from Genesis to Revelation, show us the love, compassion and mercy of our Lord for us.

We can trust what God says – either through His written Word or when He personally speaks to our heart. He is our rescuer! His death on the cross paid the price for our wrong doing – then gave us the freedom to walk with Him in our journey of life. That is how much He truly loves us!

Lillian Martinez of Dudleyville and Shelbi Lindesmith of Globe.

During the graduation there are several awards given out to local leaders. This year the Pete Rios Leadership award was awarded to Maria Munoz. Maria is a instrumental leader throughout the Copper Corridor. Superior Chamber of Commerce

The Superior Chamber of Commerce has been a leading organization in Superior for decades. The organization formed to support and promote the local businesses in Superior. Originally founded in the early 80s, the Chamber has played a role in managing and promoting many events that help to promote Superior and raise money for the Chamber operations.

In the past decade, the Superior Chamber of Commerce has become a stronger organization,

with over 100 corporate, business and individual members. For many years the Chamber operated from various locations, from a small desk inside of a local restaurant to buildings lent by members the Chamber, finally a major goal was met and the Chamber moved into a permanent location at 165 Main St. The office serves as one of two visitor centers the Chamber operates, a meeting hall and the main business office for the Chamber. The Chamber also assists the Town of Superior with operating

the Caboose Visitor Center located at the US 60 Park.

The leadership and membership of the Chamber have contributed thousands of hours to growing and developing stronger events that promote Superior. The Home Tour and Prickly Pear Festival were added over the years and have become signature events for Superior along with the long time local favorite event, Apache Leap Mining Festival.

Over the past three years, the Chamber has embarked on a community and economic development project called the Business Attraction Retention (BAR) program, which was funded through the generous support of Resolution Copper. The first phase of the project contracted several consultants who helped to identify the strengths, weaknesses, opportunities and threats for Superior. They also helped to identify ideas on business retention and collaboration along with ideas for public art. The Chamber went to work with the second phase of the BAR, which included Blight Mitigation, Marketing, Community Collaboration and Public Art development. One of the signature programs created from the volunteer committees is the home painting program. The program provides residents of Superior the opportunity to paint their homes with little to no cost. To learn

more about the free paint program, contact the Chamber at 520-689-0200. To continue this

important work and develop additional funding streams for community and economic

development projects the Chamber formed a 501(c)(3) organization named

Rebuild Superior Inc. Rebuild Superior Inc works collaboratively with the Town of Superior and the Superior Unified School District to develop programs that will continue to help to improve the economic viability of Superior.

With the funding for the BAR program the Chamber was able to increase their social media and print advertising presence throughout the State. The murals painted on the Superior Sun office, the Flower Mural and the murals on the Payer Motors Buildings were also completed with support from many volunteers and funding through the BAR program.

Membership dues to the Chamber varies on the size and structure of the business. Rates start at \$35 per year. The 2018 Superior Chamber of Commerce Board of Directors consists of Sue Anderson, President; Rick Cartier, Vice President;

Willa Ficcarra, Secretary; Deb McKee, Treasurer; and board members. Pamela Dalton-Rabago, Debbie Metz, David Lopez, Hank Gutierrez, Mila Besich-Lira, Mike Alvarez and Deborah Kay.

Join the Chamber at the Jan. 17, 2018 meeting, which begins at 11:30 a.m. with lunch and concludes with guest speakers. government-to-government consultations with 12 Arizona tribes and specific measures were taken within the SMA to accommodate tribal concerns regarding public access, grazing and other protections for locations of cultural importance.

The Apache Leap SMA was added to the bipartisan legislation that passed Congress in 2013 to facilitate a land exchange between the Tonto National Forest and Resolution Copper. As part of the exchange of land, Resolution Copper will contribute 142 acres of privately held land and forgo 697 acres of unpatented mining claims that will become part of the 839 acre Apache Leap SMA. More information about the land exchange implementation is available on the Tonto National Forest’s website on the topic: <http://www.resolutionmineeis.us/usfs>. The US Forest service also has more information on the Apache Leap SMA at: <http://www.apacheleapsma.us/>.
