Superior approves community development agreement with Resolution Copper

The Town of Superior is pleased to announce the approval of an economic and community development agreement with Resolution Copper for 2018. The Town Council voted unanimously to approve the agreement at its January meeting.

The grant in the amount of \$25,000 will allow the Town to conduct a hotel feasibility study and develop an architectural design and plan for the construction of a Multi-Generation Center/Library.

“This funding is necessary for the Town to move forward on two of our goals which have been set by the council. As our community grows and becomes more of a destination we will need additional hotels and community facilities to serve our residents and businesses,” said Mayor Mila Besich-Lira.

Resolution Copper Project Director, Andrew Lye said, “We’re proud to be partnering with the Town of Superior on these exciting initiatives. It’s an example of where we continue to work together evaluating projects which have mutual benefits for the residents of Superior and Resolution Copper.”

The hotel feasibility study will be managed by Rebuild Superior, Inc., a local non-profit community development organization, which will develop the scope of work and

manage the consulting firm hired for the study.

“We have learned that a hotel feasibility study is required in order to discuss development opportunities with potential hotel operators,” said Deb McKee of Rebuild Superior, Inc. “and we look forward to working on this key Town objective.”

The Town’s engineering firm, Willdan, will work closely with the Community Development Committee on the potential site and design of the Multi-Generation Center/Library. The council voted unanimously to contract with both Rebuild Superior, Inc. and Willdan Engineering for

the studies and plans to be completed.

Town staff has been working closely with the Superior Chamber of Commerce Business Attraction and Retention program (BAR) to follow through with the recommendations made to the community by the consulting firms who worked on the first phase of the BAR program.

Superior Chamber of Commerce President, Sue Anderson said, “This collaborative work between the Town and Rebuild Superior, Inc. will help us move faster on projects that are important to the Town’s economy.”

Superior Chamber of Commerce offers an activity-packed

SUPERIOR, Ariz. — On Jan. 27 and 28, 2018, the Superior Chamber of Commerce will present the 10th Annual Superior Home and Building Tour, providing attendees with a unique experience unlike

other home tours they may have visited in the past. The tour's collection of eclectic homes and buildings will include fabulous renovations, "before-and-after" cottages that most people would have bulldozed,

an "almost tiny" newly built home, shabby chic décor, colorful and low-cost ideas, the Hilltop House and more.

One of the most unique structures on the tour is a very old one-room jail, among

the smallest in Arizona, that will inspire imaginations to run wild as attendees envision what it must have been like to be imprisoned in such a tiny space. In addition, the tour will feature the town's

prior newspaper print shop, which now serves as a special gallery, and the Magma Club community center (circa 1915), which houses a top-quality antique show. In addition to touring these fascinating buildings, attendees will have the opportunity to watch the famous Mata Ortiz potters from Mexico craft and fire their magnificent ware. These special pieces will be available for purchase. Art

lovers will be able to admire or buy an assortment of artworks with the return of Art in the Park. Other fun activities will include a pancake breakfast, a guided hike, live music, Wyatt Earp performing “Life on the Frontier” and Steve Germick of the U.S. Forest Service sharing tales about Mattie Blaylock — Wyatt’s common law wife, who is buried in Superior. The excitement will not end with the

Home and Building Tour and associated activities: all ticket holders will receive two-for-one passes to the Renaissance Festival and the Boyce Thompson Arboretum to be used at a later date. For a mere \$12 prepaid online (plus service fee) or \$15 at the door, attendees will enjoy a fun-filled weekend in one of the friendliest towns they are sure to ever visit.

The Superior Chamber of Commerce invites visitors to join them in this once sleepy town and help them on their mission to “Rebuild Superior.” The tour will begin at the Chamber of Commerce, 165 W. Main St., Saturday 9–5 and Sunday 10–4. For more information and to view the complete schedule, visit www.superiorarizonachamber.org or call the Chamber at 520-689-0200.

Playoffs? Superior clinging to last spot

By Andrew Luberda
Copper Area News

With the final two weeks of the regular season approaching, the No. 16-ranked Superior boys' basketball team is clinging to a playoff berth, barely.

The top 16 teams will qualify for the 1A State Championship Tournament, which begins Feb. 16 in Prescott.

Will the Panthers be making the trip?

If they win at least two of the final four games, which includes two teams ranked ahead of them – Ray and NFL Yet – then they figure to be in. If they can win three of four, the Panthers will most likely guarantee themselves a berth.

History shows, especially the last two years, that the Panthers are capable of making a late-season run up to and through the playoffs. They'll need to do it again, starting with yesterday's game versus North Phoenix Prep.

The Panthers have only two wins in their last seven games, including a 50 – 7 victory at Phoenix Day School for the Deaf last Friday.

Third-ranked Ft. Thomas defeated Superior in lopsided fashion last Tuesday, 59 – 26, outscoring the Panthers 36 – 9 in the first half.

Superior juniors Kale Major (8) and Cedric Mendoza (7) combined for 15 of the teams 26 points. Mendoza

also finished with a team-high six rebounds while Major had four steals to lead the Panthers.

Up next: Jan. 26 at NFL Yet Academy, Jan. 30 at Ray, and Feb. 2 vs. Hayden. All games are schedule for 7 p.m.

Locals attend Ray Land Exchange public hearing

By Mila Besich-Lira
Copper Area News

Local residents of the Copper Basin area attended the Ray Land Exchange/Plan Amendment public hearing, hosted by the Bureau of Land Management (BLM) last week. Those in attendance had the opportunity to talk one on one with BLM representatives on the land exchange and express their concerns and support of the exchange. The BLM has opened a 90-day comment period that will allow the public to officially comment on the exchange, the comment period will end on Feb. 16, 2018.

Comments can be submitted online via email at blm_az_raylandexchange@blm.gov or you may send written comments to BLM Arizona State Office ATTN: Ray Land Exchange, 1 North Central Ave. Suite 800 Phoenix, Arizona 85004-4427. All comments must be received by February 16, 2018.

The public hearing was held as part of the public participation and comment period following the release of the Draft Supplemental Environmental Impact Statement (EIS). Many local residents requested more information on recreational access to the White Wilderness area and other recreation sites near the exchange locations.

The Town of Kearny, in their support letter asked for ASARCO, the Town of Kearny and the BLM to work on road improvements to ensure access to these important recreation sites.

The land exchange is currently going through the National Environmental Protection Act (NEPA) review. The NEPA process allows the BLM to evaluate the affect of the following: Biological Resources, Water Resources, Air Quality, Mineral Resources, Land Use, Access and Recreation, Wilderness Resources/Special Management Areas, Cultural Resource and Socioeconomic Conditions.

ASARCO is offering 7,304 acres of private land for 10,976 acres of BLM-administered public lands. These public lands are near or adjacent to existing mining operations at the Ray Mine Complex near Kearny. The 7,304 acres of private lands include lands in Pinal and Mohave counties. If the land exchange is approved the private lands will be added into BLM Managed public lands. The lands in Pinal County include, the Gila River at Cochran Parcel, which is 320 acres and contains a segment of the Gila River Riparian Management Area. The majority of the lands in the exchange are located in Mohave County. Those parcels include the Knisely Ranch Parcels (160 acres) , Sacramento Valley Park (120 acres), Tomlin Parcel (320

acres) and McCracken Mountain Parcels (6,384 acres).

Some elected leaders in Mohave County have expressed concern that the exchange adds more public lands to their county which will not be able to be developed for commercial purposes. Both the Kearny and Hayden Town councils have approved letters of support along with the Copper Corridor Economic Development Coalition and the Southern Gila County Economic Development Corporation.

The 10,976 acres that ASARCO would receive from the exchange will include 8,196 acres that would include a surface and mineral estate, 2,780 acres are listed as mineral estate only. These lands will be referred to as “Selected Public Lands” according the BLM and they are listed as desirable to ASARCO because they are adjacent to or near ASARCO’s current mining operations and they currently hold valid mining claims on these “Selected Public Lands.” ASARCO is expected to conduct mining operations on these lands.

The public hearing in Kearny was the first in a series of meetings. Public hearings were held in Tucson, Gilbert and Kingman, Arizona. To learn more about the exchange or to download a digital copy of the EIS visit the BLM online at: <http://go.usa.gov/xn2FG>

Daystar Studios - Marilee Lasch

The three story home at the corner of Lime and Magma is more than just a home. It is also the location for Daystar Studios owned by Marilee Lasch. When Marilee came to Superior, 13 years ago, she said that her heart strings tugged at her. Following her heart, she decided to move to Superior, knowing that it had the potential to become the next destination for artists and tourists.

Marilee offers art classes, custom art design and holds a few events throughout the year attracting hundreds of people to visit her home. Her home has been featured in Arizona Highways and has been on the Superior Chamber of Commerce Home tours several times.

One of the classes that Marilee teaches is a six-week course called "The Artists Way." The curriculum is designed to help participants become more comfortable and creative in making art. Each week they complete a project while working on basic techniques. She also teaches mosaic tile classes where participants can make custom tea trays or other items. Her classes are often the best kept secret: she has offered classes on how to make Fairy Gardens, holiday crafts and occasionally teaches oil painting.

During the 2018 Home Tour (this weekend) Marilee will open her home to sell and display her work along with the art of five other artists. The art show will run from 8 a.m. to 4 p.m. this Saturday and Sunday. Visitors can also get a quick peek of her home although full tours will not be available.

Marilee can help anyone with custom murals, paintings, beaded jewelry or mosaic tile projects. Locally she has designed and completed the mural on the Dalton Realty Building and she worked with the Headstart and Superior Chamber of Commerce on the desert landscape mural on the Payer Motors Building on the west end of Main Street. She has also volunteered to help restore the mural on the Senior Center building that was designed and installed in the late 90s by local high school students.

In December, she hosts a Holiday Craft Boutique and in the fall she hosts a labyrinth walk which features local musicians at her home/studio. She plans to add a story telling event and sessions in the near future.

Marilee has a big heart for Superior and enjoys sharing her local art talents with many groups and organizations.

The home of Marilee Lasch and the location for Daystar Studios.

She partnered with Awesome Possum to raise money for school art programs by painting chairs to be auctioned off. Her advice to other artists and those who are considering

art businesses "Just keep going. Never give up," she explained. She also stressed the importance of publicity and networking with other artists.

The "In Your Biz" column is sponsored weekly by the Superior Chamber of Commerce in an effort to further promote their business members. To learn more about the Superior Chamber of Commerce you can visit their website www.superiorarizonachamber.org or call them at 520-689-0200. The Chamber meets the third Wednesday of every month at their building 165 Main St. in Superior, Arizona. Those planning on attending the Chamber luncheons do need to RSVP prior to the meeting, please call Deb McKee to RSVP at 520-827-1773.

PINAL COUNTY

Public Hearing Regarding Use of CDBG Funds

The County is expected to receive approximately \$139,241 in FY2018 federal CDBG funds from the Arizona Department of Housing Regional Account (RA). The County may also apply for \$300,000 in FY2018 CDBG funds from the State Special Projects (SSP) account. CDBG funds must be used to benefit low-income persons and areas, alleviate slum and blight or address urgent need. Based on citizen input as well as local and state planning objectives only one potential project has been selected to be forwarded to the State of Arizona with a request for funding. A public hearing will be held at the regular County Board of Supervisors meeting at 9:30 AM February 28, 2018 at Board of Supervisors Hearing Room, 135 N. Pinal St., Florence, AZ to discuss the potential projects. It is expected that the County Board of Supervisors will select the final project at this hearing and adopt applicable resolutions. The potential CDBG projects are named and described as follows:

1. Owner Occupied Housing Rehabilitation- Pinal County plans to assist approximately four (4) qualified homeowners with rehabilitation services with FY2017 CDBG funds. The recipients of the services will be selected based on an income qualification process and a waiting list at the County Housing Department. Services will be provided to all areas of the County, except tribal lands and FEMA designated 100-year flood zones. All work will be done according to the ADOH approved housing rehabilitation guidelines. Assistance will be in the form of a ten or fifteen year forgivable deferred payment loan up to \$50,000, or an emergency repair grant up to \$15,000. Rehabilitation services use in-house expertise and rehabilitation work will use competitively procured licensed contractors.

God Can Bring Us Back to Life

A summary of Ezekiel 37:11-14 says: 'We are dead and our hope is gone.' The Lord says, 'I will open your graves and bring you back, then you will know that I am the Lord and that I have spoken!'

It doesn't matter how far down we are or go; God is capable of bringing us back to life. He is the one who created life by breathing into us the breath of life through the Holy Spirit. Therefore, He is 'everywhere present' and always with us.

We are not alone, unless we choose to walk away from Him. But realize, nothing in all creation is hidden from God's sight; He sees all and knows all.

If it seems as though your hope is dashed to pieces and gone, read through the Psalms and the New Testament Gospels. You will find a purpose for your life and a reason to hope. The Lord will speak peace into you and fill you with strength for each day. You are alive!
