OBITUARIES

Robert Calhoon

Robert Calhoon was born May 28, 1923 in Victor, Colorado. He passed away at the age of 92 on Wednesday, April 20, 2016.

Robert served in the Navy during World War II and was active during D-Day. He moved to Arizona in the early 1950s with his wife, Claudine, and they built their home in Oracle, Arizona in 1964.

Robert retired after working 29 years at Magma Copper Company. He lost his wife 34 years ago and took on the responsibility of raising their daughter alone. He spent his retirement traveling to fiddle contests throughout Arizona, New Mexico, Utah and Colorado.

His traveling companion was his daughter, Letha Miller, until she was grown and then the Lord blessed him with Mary Beaman. Mary was his girlfriend for 16 years and longtime traveling companion. This relationship saw him through his golden years and made him a happy man.

A celebration of Robert’s life will be held Saturday, April 30, 2016 at 11 a.m. at the First Baptist Church in Oracle. Following the service, there will be a Fiddler’s Jam Session, thanks to the Arizona Old Time Fiddler’s Association, and a potluck. Bring a dish to share and come celebrate Robert’s life the way he celebrated life.

Bruce William Robertson

Bruce William Robertson was peacefully taken home early Wednesday morning, April 20, 2016, after a long and heroic battle with lung disease. Born October 18, 1935, in Rock Springs, Wyoming, Bruce is survived by his loving family: Caroline Perreira Robertson, son William (Bill) Guy & Jane Robertson, daughter Gigi Mari (Robertson) and Mark H. Boyack, grandchildren Rachel (Boyack) and Kyle Koch, Kayleigh (Robertson) & Charles Howard Johnson IV, Steven William & Kailey Boyack, Conrad William Robertson.

In 1953 Bruce graduated from Wasatch Academy in Mt. Pleasant, Utah then joined the Navy and served on the USS Eugene S. Greene in the Mediterranean. He later graduated from the Naval Post Graduate school in Monterey, CA and while there he met the love of his life, Caroline Perreira, whom he married in November, 1958.

After moving to Salt Lake City, Utah, in 1959, he started his engineering career with Sperry Univac, later attending the University of Utah where he earned a BS in Electrical Engineering.

After graduation he worked for Litton Industries which took him to Italy, then relocated the family to California, Texas eventually returning to Salt Lake City.

A perpetual entrepreneur, Bruce started several companies – not all were commercially successful, but not for lack of

trying. Starting with TipMats, then Trionics, Computer Video Systems, moving to The Stone Cooker, and finally Information Age Systems /Digital Alert Systems, which continues to thrive. A well known and respected expert and educator on Emergency Alert Systems he authored several articles and gave numerous presentations to SCTE and SBE chapters around the country.

Bruce was a member of the Rock Springs Chapter, Order of DeMolay, later he joined Twin Peaks #32 Masonic lodge and followed through York Rite, Scottish Rite and Shriners organizations. Bruce chose to join St. Thomas Moore Catholic Church in 1994 and served faithfully in various ministries since. After moving to Oracle, Arizona in 2002, became involved and served at St. Helen Parish and joined the Knights of Columbus. Always ready to help with a church project, he particularly enjoyed his time spent ministering to inmates in prison.

A husband, father, grandfather, friend, teacher, mentor, minister, musician, humorist, writer and inventor with several patents... but mostly he embodied the eternal optimist who set a great example for others with his always positive outlook on life, and always caring for the needs of others. His legacy shall endure and he will forever be missed by all that knew him.

Bruce’s Pay It Forward Wish

In lieu of flowers, his last request to honor his memory: “If there is some way to say goodbye, find a need in family or community - no matter how large or small - that needs to be filled. Buy a coat for someone, make a car payment, pay a medical bill. Just look and you can find a need. Pay it forward and we will consider it paid.”

A memorial for Bruce will be held at St. Helen Catholic Church in Oracle, AZ on Saturday, April 30, 2016, at 11 a.m.

Resolution Copper helps to protect endangered cactus

April 25, 2016 - Superior, AZ -- Located in far eastern Pinal County, east of Superior and west of Miami, Arizona is the JI Ranch, a 266-acre site known for tall stands of Emory oak trees, rocky outcrops and natural beauty. Owned by Resolution Copper, the ranch is nestled within a Madrean Evergreen Woodland and surrounded by the Tonto National Forest. There are no freeways, no chain restaurants, no big-box retailers, and no industrial development – in fact it's the perfect location to protect an endangered plant known as the Arizona hedgehog cactus.

"The endangered Arizona Hedgehog cactus, listed under the Endangered Species Act, is an important part of Arizona's natural landscape and cultural heritage," says Tara Kitcheyan, Sr. Advisor, Native American Affairs, Resolution Copper. "The vision of Resolution Copper is not only to stimulate the Copper Triangle economy, but to also preserve the cultural and historical heritage of the region, including the cultural heritage of the San Carlos Apache Tribe. We are honored to have the opportunity to protect and preserve the Arizona hedgehog cactus, a plant that is mutually important to the San Carlos Apache Tribe and to Resolution

Copper," Kitcheyan said.

In August 2012, under the watchful eye of biologists from Tucson-based WestLand Resources, approximately 1,000 small vegetative propagations, called "offsets" or "pups" were collected from mature Arizona hedgehog cactus growing on the JI Ranch. These cacti were planted in pots containing a mixture of native soil and sand, and kept in a greenhouse at the JI Ranch where they were monitored and watered monthly for more than three years. Some were observed budding, flowering, and producing "pups" of their own while in the greenhouse.

In March 2016, 364 Arizona hedgehog cactus offsets were planted by Resolution Copper within suitable habitat at the JI Ranch and with the help of volunteers from a youth group affiliated with the Church of Jesus Christ of Latter Day Saints, Chandler Stake. Habitat chosen for transplant sites included rock crevices, the base of boulders, and soil pockets under shrubs, with partial shade. The remaining Arizona offsets continue to be nurtured in the greenhouse for future planting.

"Working with young people in our community helps connect the youth to the environment and educates them on how

Oracle Spring Run Car Show was a shining success

The 30th Annual Oracle Spring Run Car Show, which took place during the Oracle Oaks Festival, followed the ever-popular time-honored formula of a car show, parade, swap meet, craft fair and book sale.

The car parade ran through Oracle, starting at 9:30 a.m., ending at the Pinal County Courthouse Park where owners set up their cars, popped their hoods and waited for the accolades to pour in. The vehicles sparkled in the glorious April Oracle sunshine, ready to be judged and trophies to be awarded. With more than 117 beauties to choose from, judges must have found these decisions difficult.

And this year’s winners are:

- Best Truck in Show, Joseph Guthrie (Gilbert) 1956 Studebaker Pickup
- Best Car in Show, Willie Rich (Tucson) 1938 Dodge Panel Van
- Best Interior, Dee Moore (Oracle) 1957 Chevy Belair
- Best Paint, Paul Harrison (Green Valley) 1932 Ford Three-Window Coupe

• Best Engine, Brent Guyton (Marana) 1965 Ford Mustang

All proceeds from the Spring Run Car show, including the food booth benefit the Oracle Historical Society.

as Tri-Community celebrates Oracle Oaks Festival

This year, like last year, judging for the Oracle Oaks Parade went a little differently than from years past. Instead of judging in the middle

of the parade and announcing winners in the afternoon, judges made their decisions before the parade and handed out awards on the spot.

And the winners are ...
First Place: Oracle Mercantile;
2nd Place: Mt. Vista School Horsemanship

Program;
3rd Place: Little Hooves.
Congratulations to all who participated.

Lady Miners top a pair of likely playoff teams

By Andrew Luberda
San Manuel Miner

The fourth-ranked San Manuel softball teams defeated No. 23 Amphitheater and No. 18 Pusch Ridge last week, two teams that are in position to secure spots in the upcoming state playoffs.

Junior Dionne Ruiz had four hits in as many at bats and drove in two runs in the Lady Miners’ 10 – 6 win at Pusch Ridge last Friday.

Ruiz’ hits were just four of the Lady Miners’ 18-hit attack

against the Lions. Briana Galarza, a freshman, had three hits while Lyana Waddell, Nikki Baldenegro, Angela Navarro, and Natalia Ortega each had two hits in the win.

Waddell, the Lady Miners’ ace and arguably one of the top hurlers in the state, earned her 14th win of the season after pitching a complete game. She did not allow an earned run on seven hits and did not allow a walk. She struck out 10 Lady Lions’ batters.

Upcoming schedule: Apr. 26 vs. Tanque Verde and Apr. 27 vs. Santa Rita (regular season finale and Senior Day). Both games are scheduled for 4 p.m.

CAC Governing Board hosts meeting at Aravaipa Campus; president vows that current board will not close campus

By Mila Besich-Lira
Copper Area News

It is well known that in small towns and organizations everyone must wear multiple hats, and if you are not wearing at least two or three then you must not be busy enough.

Last week business owners, elected officials students, faculty, Copper Corridor residents filled the cafeteria at the CAC Aravaipa Campus to share with the board during call to the public how important the Aravaipa campus is to them and its benefit to the community. Many of those speaking wear multiple roles in their community from teachers and elected officials, business owners and non-profit board members.

The board heard over 50 comments from these community members in the call to the public, some of them were encouraging the board to approve a two percent pay increase for the staff and a majority of the comments were personal stories and requests that the board do everything in their power to keep the Aravaipa Campus open.

There were a few residents who explained that they are not against education but they are not in favor of additional tax increases and called for the board to be more fiscally conservative.

Board President Gladys Christiansen thanked everyone for their comments and stated that they would not close the campus for as long as they can keep it open. Since late 2015 there have been major rumblings and suggestions made to the Central Arizona College Governing Board that the Aravaipa Campus should be closed in order to save money and avoid any further property tax increases to the tax payers of Pinal County. Investments, they were told, should be concentrated in the populated areas of the county. The board has been hearing from many anti tax groups who have become very vocal at board meetings.

Following the two-hour call to the public session, the board went into executive (secret) session. After the executive session the board voted unanimously to provide staff with a two percent pay increase and not to increase the cost of the employee benefits and not to

increase taxes to accommodate this increase.

The board also received a report on financial expenditures and viewed a presentation by CAC Aravaipa student Edward Aguirre, who showcased many student success stories from the CAC Aravaipa Campus.

M-SM Education Foundation makes a curtain call

By John Hernandez
San Manuel Miner

The Mammoth-San Manuel Education Foundation has purchased new curtains for the San Manuel High School Auditorium.

The school district identified the curtains as being badly in need of replacement but did not have the money in their budget. The curtains were over 20 years old and some of them were tattered and torn.

to protect these natural ecosystems,” says Kami Ballard, Environmental Advisor, Resolution Copper. “In addition, these transplants will enhance the natural cactus population at the JI Ranch by increasing Arizona hedgehog cactus density.” Arizona hedgehog cactus (Echinocereus triglochidiatus var. arizonicus) is a low-growing succulent native to the southwestern United States. On October 25, 1979, it was listed as an endangered plant under the Endangered Species Act. This cactus earned its name because its short, spiny stems resemble hedgehogs. About Resolution Copper

Resolution Copper Mining is a limited liability company working to develop the third largest undeveloped copper resource in the world near Superior, AZ. The project will mine ore using underground block-caving methods at depths of nearly 7,000 feet below surface. When in full production, the mine will employ 1,400 workers directly and generate an additional 2,300 indirect and induced jobs. The mine will be North America’s largest copper producer when in full production, capable of producing more than 25 percent of the nation’s demand based on today’s usage.
