LETTER TO THE EDITOR

Remaining independent – local softball schedules final sign-up

It is with great honor Mammoth Softball League along with San Manuel Softball League announce their choice to remain independent from the recent proceedings to combine leagues with our local Little League Organization. Both Mammoth and San Manuel Softball Leagues feel it is in the best interest of our communities to remain private entities allowing for a more flexible organization in which both leagues take tremendous pride in being able to offer our softball players and families the experience of the game without the placing additional hardships on parents and families. Both league Presidents and their panels are working diligently and in conjunction with each other to build self-sustaining leagues for years to come. Both Presidents and their panels are committed to our communities and our children to ensure the best possible experience for our youth.

In remaining independent organizations our leagues can continue to offer the many benefits such as, no child will be turned away due to financial hardship and players from all areas are welcome to play for our league where registration is not limited nor set by organizational boundaries dictated by districts. Our games are played here within the Tri-Community. Our leagues are coordinating strategies to build an All-Star platform allowing willing coaches, parents and players to begin challenging our players in outside tournaments. In doing this exposing our players to possibilities of post-secondary education exposure and scholarships.

The Choice to remain independent came unanimously among our leagues to do what was in the best interest of our players. Little League Softball requirements limit players and their families causing additional and unnecessary stress. In joining, registration is limited to a specific district. Players must show proof of citizenship with a birth certificate by a biological parent. All players wishing or desiring to perform in All-Stars must meet the minimum game requirements set forth by the league in order to be eligible. All player's equipment is limited to specifications set forth by the league. In addition, games are held outside of the Tri-Community in cities such as Oro Valley, Miami, Kearny and Globe which can ultimately pose significant financial hardship on parents and families.

The Mammoth Softball League along with San Manuel Softball League ask parents, families and players to take a moment and consider the choices at hand when considering registration in the future season to come. Both leagues would like to reassure the Tri-Community of their continued commitment to our youth and appreciate the opportunity to serve our players and families. We hope with your continued support and efforts we can continue to enhance our programs to with stand our communities reputation of producing some of the greatest softball players in the state of Arizona.

For more information please feel free to contact either organization's Presidents Nicole Gonzalez, Mammoth President 520-254-2262 or Victoria Barton, San Manuel president 520-345-7660.

Once again, your continued support is greatly appreciated as we look forward to future successes for our summer softball leagues.

The final registration dates are Thursday, May 2, and Monday, May 6, from 5-7 p.m. at La Casita in Mammoth.

/s/ Nicole Gonzalez

Orphaned bears have fun playing in the back of a police cruiser after they were rescued Monday near Dudleyville. Their mother was killed in a motor vehicle accident. Photos courtesy Arizona Department of Public Safety

Baby bears 'arrested' at accident scene, turned over to AZGF

On Monday morning, Hayden Police Officers and Arizona Department of Public Safety Troopers from the Oracle district responded to a crash on SR 77 near Dudleyville involving a bear. The bear was deceased, but her three cubs survived the accident uninjured.

Hayden Sergeants Tino Tarango and Bryan Marquez with assistance from a concerned citizen corralled the three baby bears, eventually securing them in the back of the Trooper's cruiser.

The little ones were turned over to Arizona Game and Fish officers who took them to a wildlife rescue in Scottsdale where they will be fostered until they are ready to be released back into the wild.

Hayden Police reminds citizens that should they see bear cubs more than likely their mother will be nearby. Stay away and don't touch. Call the police, instead.

SunZia presentation draws large crowd to Oracle Community Center; most in opposition to project

More than 120 local residents turned out for a presentation by SunZia Transmission LLC regarding a proposed high capacity transmission line from New Mexico, up the San Pedro Valley to the Pinal Central substation near Coolidge. Present in the crowd were Andy Tobin, an Arizona Corporation Commissioner, and Pinal County Supervisor Peter Rios.

Tom Wray, representing SunZi,a sketched out the scheme already approved by the Arizona Corporation Commission as well as a proposed amendment regarding new requirements near San Manuel Airport. Also presenting was a subcontractor hired to address Federal Aviation Administration requirements. He explained why SunZia will be required to reroute 5 miles of the approved route around San Manuel Airport air space, bringing the lines within 0.7 miles of Oracle State Park. FAA will require lighted towers (130 feet and up) at four per mile, lighted balls for visibility of the wires and other visual enhancements designed to alert pilots to possible danger.

The scheme was met by a firestorm of resistance by attendees.

Mike Weasner, architect of the widely acclaimed dark skies status recognized by the International Dark-Sky Association (IDA) for Oracle State Park, expressed concern for the day and night visual impacts to the Park and the "International Dark-Sky Park" designation.. Recognition by the IDA is intended to preserve "the exceptional quality of starry nights and a nocturnal environment that is specifically protected for its scientific, natural, educational, cultural heritage, human health, and/or public enjoyment." Weasner's work over a period of months proved successful due to the quality of the night sky in Oracle and the support of the community.

Many residents noted that what SunZia called a "slight realignment" was intended to deceive the public regarding its enormous impact.

Darrell Klesch charged SunZia with promoting the destruction of the wildlife corridors of the San Pedro Valley, an Arizona ecological treasure.

Several residents worried that SunZia's high capacity lines will disrupt the successful eco-tourism effort promoted by OWN and broadly embraced by the entire town of Oracle and the Tri-Community at large.

Others, noting that SunZia has failed to secure approval from New Mexico for its power generation and line siting, raised concerns about the viability of the entire project. The project, they fear, may collapse of its own weight with investors, several of whom have already withdrawn, bailing out and leaving hulking towers for Pinal County to deal with.

Because SunZia paid for an economic study in 2011 to gain project approval by the ACC, Frank Pierson suggested its conclusions must be viewed with suspicion. Wray admitted that SunZia "bought" the study by the two academic authors based at the University of Arizona and supplied them with the underlying data. Pierson noted that job creation numbers in particular were calculated in a manner designed to overstate real world prospects.

Near the end of the sometimes raucous event the possibility was advanced that Pinal County, now the San Manuel Airport's owner, will revise its airport development plan to make the transmission line reroute unnecessary. Commissioner Tobin is seeking to delay an ACC vote on the reroute until Pinal County resolves the matter.

Capping the evening Mary Ellen Kazda called for an up or down vote by those in attendance on the SunZia Transmission line as a whole. The assembled body voted unanimously against the project.

It was a full house last week at a meeting about a proposed change to the SunZia plan.

Tow chains, underinflated tires can cause wildfires; motorists can do their part to make highways spark-free zones

PHOENIX – Summer is right around the corner, and with it comes an increased risk of wildfires along state highways caused by motorists dragging chains, driving on underinflated tires and tossing cigarettes.

Fires along highways not only put people and property at risk but can cause long backups and even extended closures.

Last June, the 377 Fire in Navajo County started when dragging metal on a trailer sparked several fires along 24 miles of State Route 377 between Heber-Overgaard and Holbrook. Those fires grew into a 5,000-acre wildfire that closed the highway for four days and prompted evacuations.

"Simple tasks like properly inflating your tires and taking a moment to make sure nothing is dragging on your vehicle or trailer can significantly reduce the risk of creating sparks that can cause wildfires," said Dallas Hammit, the Arizona Department of Transportation's state engineer and deputy director for transportation. "One act of carelessness, like tossing a lit cigarette out the window, can potentially burn thousands of acres."

According to the Arizona Department of Forestry and Fire Management, dragging chains is one of the main causes of fires along highways.

"Roadside fires continue to be one of the biggest causes of Arizona's wildfires every year, especially on heavily traveled highways like Interstates 10 and 17. A majority of these roadside fires are preventable, yet they continue to happen," said Tiffany Davila, public affairs officer for the Department of Forestry and Fire Management. "Please do your part to help keep wildfire activity low this summer. Before traveling, ensure tow chains are secure and your vehicle is properly serviced. We all need to do our part."

Here's how you can help cut down on sparks that start wildfires:

• Check and secure tow chains, and never substitute parts when towing.

• Make sure nothing is hanging beneath your vehicle and dragging on the pavement.

• Check tire pressure before you travel. Exposed wheel rims can cause sparks.

• Don't park in tall grass, as the heat from parts under your vehicle can start a fire.

For more information on how to prevent fires, please visit wildlandfire.az.gov.

Distracted Driving

These days we all lead active, busy lives. We go places in our cars and seem to spend hours on end behind the wheel going from place to place multi-tasking while we drive. That multi-tasking can turn us into a distracted driver. Distracted drivers, we've all seen them on the roads, haven't we?

So, just what makes a person a distracted driver? Texting? YES! Talking on your cell phone, especially when holding it in your hand while driving? YES! Tuning in your favorite radio station? YES! Eating or drinking, putting on makeup or even shaving while driving, driving while tired and sleepy? YES! YES! and YES!

Face it, everyone who drives has been a distracted driver at some point and will be again.

According to the National Safety Council, more than 40,000 people were killed in motor vehicle fatalities in 2018. From cell phones to dashboard infotainment systems to evolving voice command features, all pose a threat to our safety. Just one second of your attention is all takes to change a life forever. It has been proven that drivers who are talking on their phone, hand-held or hands-free, miss seeing up to 50 percent of what is going on around them such as other drivers, pedestrians, motorcycles and, bicycles. If you take your eyes off the road for just five seconds while traveling at 55 MPH you will travel the length of a football field during those five seconds. It's like you are driving blind!

Many people think that all the new safety technology built into vehicles these days will make your car even safer. While this may be true to some degree, it has been proven that this technology can divert a driver's attention causing them to become a distracted driver. The National Safety Council goes on to say that 80 percent of drivers mistakenly believe that hands-free devices are safer than hand-held and 53 percent of drivers believe that hands-free features must be safe if they are built into a vehicle. The fact is that hands-free features can increase mental distraction. They are about convenience NOT SAFETY! The following common tasks should NEVER be done while driving: talking on the phone, checking email, posting on social media, ordering takeout food.

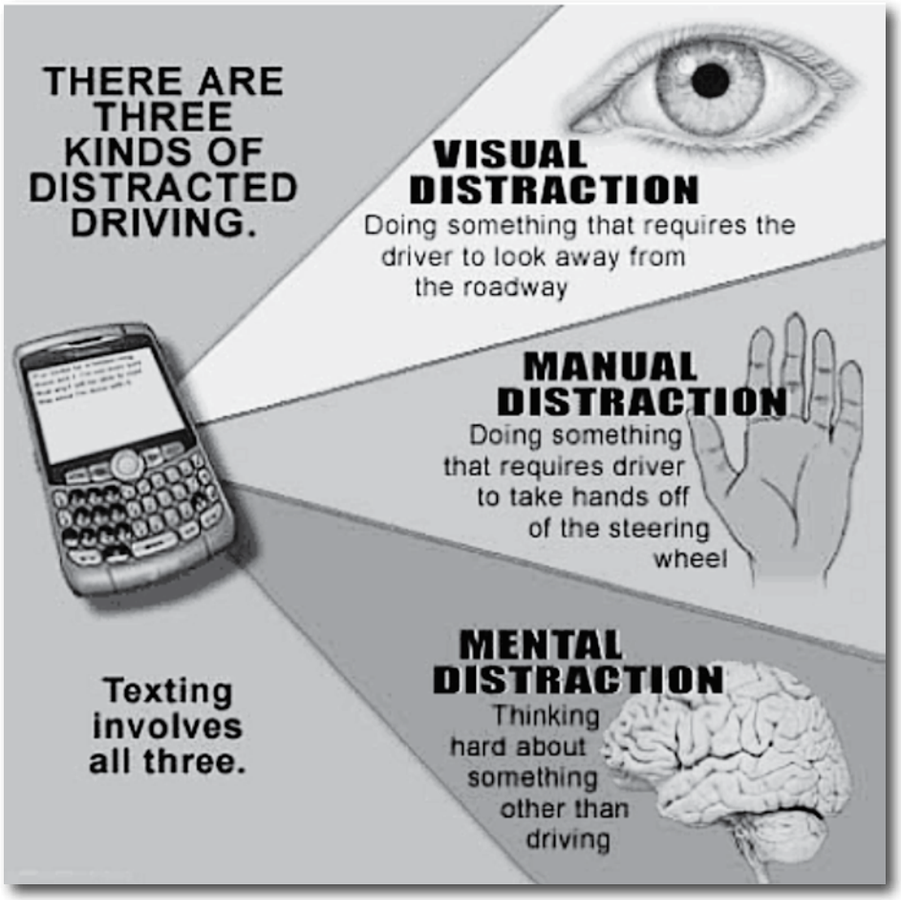

Next time you get into your vehicle to go somewhere whether it is just around the corner to get some milk or for a cross-country trip, the National Safety Council advises you to avoid the dash to the dashboard. Turn off your cell phone, make sure you've had enough sleep, NEVER drive while under the influence of drugs or alcohol.

New Oracle business, Cheetovibez, opens on 420

By John Hernandez
San Manuel Miner

Cheetovibez Smoke Shop, a new business in Oracle, held its Grand Opening on Saturday, April 20, 2019. A good crowd showed up for the ribbon cutting ceremony.

The shop sells premium CBD products, vaping devices and supplies, loose tobacco, chewing tobacco, smoke products, "a little bit of everything" said owner Mark Sanchez. The smoke shop is located at 1880 W. American Ave.

Mark was born and raised in San Manuel. Twelve years ago, he moved to Elko, Nevada and worked in the mines there. He suffered a serious neck injury in a bad car accident and went through two surgeries. He was taking prescription medication for the pain and over time, he built up a tolerance and needed more pain medication. He soon became "hooked" on pain pills.

With the advent of the medical marijuana movement and legalization, Mark researched the pain reducing qualities of marijuana and CBD products. CBDs are hemp extracts that do not contain THC which is the chemical in marijuana that gets you high. With the use of CBD products, Mark was able to end his opiate addiction. CBDs are becoming known for a number of therapeutic benefits and are being used by many as a substitute for prescription medications.

Mark moved back home to be near his grandkids and family. He took a year off and decided to invest in the product (CBDs) and open the shop. The name of the shop came from Mark's nick name Cheeto. One of his sisters called him the Cheeto Snatcher because as a young kid he was always "snatching" up anyone's bag of chips if they left it unguarded.

He believes in the product and feels that CBDs can help others in the community.

"CBDs are good for depression, anxiety, pain and joint support. They are also good for pets," he said.

The shop carries some products for pets.

Cheetovibez is open Monday through Saturday 9 a.m. to 9 p.m. and Sundays 11 a.m. to 7 p.m. You can learn more by visiting their website cheetovibez.com. You can also contact them at 928-701-1215.

Editor's Note: I admit that I didn't know the significance of the date, April 20, or the number 420. So I Googled it. The number 420 started as the police code for Marijuana Smoking in Progress. After local heads heard of the police call, they started using the expression 420 when referring to the herb.

Cheetovibez officially opens in Oracle on April 20. The owner is Mark Sanchez and the store is located at 1880 W. American Ave. John Hernandez | Miner

Notes: The Lady Miners won the 2019 2A South Region Championship…San Manuel won back-to-back state championships in 2013-14, and now returns to the playoffs after missing out a year ago… The Lady Miners are led offensively by Jazmyne Waddell (.706 BA/.758 OBP/1.490 SLG), Aubrey Encinas (.507/.544/.739), and Andrea Guerrero (.556/.586/.666)…Waddell (11-2, 0.50 ERA, 132 K, 69.2 IP) is the Lady Miners ace.
Head Coach Angela Sierra: "We have had a lot of talented freshmen come out of San Manuel. (Jazmyne) is a great hitter as well as a pitcher. She has the heart and ambition to win a state title as much, if not more, than her team. Pitching is very stressful and needs a defense to back her up, and that's exactly what she has.

"We play one pitch at a time. Keep our heads up at all times, no matter what. Play with all we have until the last out."

San Manuel Miner

San Manuel High School will host a pep rally at the Lady Miners softball field on Wednesday, May 1, at 6 p.m.

The school's softball, baseball and track & field teams will be recognized as each prepares to compete at their respective state championships.

On Friday, May 3, in front of the administration building, the school will host a "sendoff" event prior to each team departing the school grounds for competition later that day.

Among the Miners' qualifiers for the Track & Field Division IV State Championships at Mesa Community College are Victoria Zazueta (400m, 800m), Boys 4x100m, 4x400m Relay teams (Adrian, Serria, Elvis Mejia, Omar Rodriguez, and Isaiah Villegas), Omar Rodriguez (400m, 200m), Elvis Mejia (Long Jump), Michael Ochoa (Discus, Shot Put).

Copper Corridor communities invited to join Cobre Valley's 4th of July celebration

Thursday, July 4, 2019 marks the 243rd year of the independence of these United States of America, and all Copper Corridor communities have been invited to join the fun this year and show your American and community pride in Globe.

Do you have a family vehicle, an ATV, a tractor, or perhaps a classic car? Dress it up in patriotic themes or transform it into a float. Find your creativity and decorate it for the big event. Do you have a club, youth organization, or maybe a church group? Show off your love for country and get your name out for all to see. Horses, marching groups, local businesses, and even elected leaders, are all encouraged to join the parade. Spread your name and offer your message to the people of the Cobre Valley.

Every year, your participation in the patriotic parade helps to raise money for a local charity. This year all proceeds raised from entry fees will be donated to the Tri-City Firefighter's relief fund. Whenever the unthinkable happens to a family in the community, the firefighter's of the Tri-City Fire Department do what they can to aid them immediately following their loss by offering grocery gift cards and motel room vouchers. A most worthy cause as this deserves our support, so don't wait to join the parade and help a neighbor who may one day soon be in need.

American Independence Day, or the 4th of July as we all know it best, will be a day full of celebrating, beginning at 7 a.m. Please join the community gathering at the steps of the Center for the Arts in downtown Globe as we pray for another year of peacefulness, prosperity, and freedom for our country. Our Founding Fathers began everything with prayer by inviting a local clergyman to lead them. So we have invited Pastor Barry Schwenk of St. Paul's Lutheran Church to lead us that morning. Please join this hour of humiliation and supplication for the mercies of Providence.

Beginning at 8 a.m. the centennial band will perform outside the Center for the Arts, and finally at 8:30 the opening ceremonies for the rest of the day's patriotic events will begin. Broad St. in downtown Globe closes to all vehicles at 8 a.m. sharp so don't be late to get your float in line or to find your curbside!

Happy 243 years to the people of the American Republic!

Parade applications are available for pick up and drop off at the Globe-Miami Chamber of Commerce, or by fax or email. Globe-Miami Regional Chamber of Commerce, 1360 N. Broad St, Globe, AZ 85501. Fax: (928) 425-3410. Email: visitorinfo@globemiamichamber.com. Phone: (928) 425-4495.
