OBITUARY

Mary Frances Lease

Mary Frances Lease, age 78, of Dudleyville, arrived in her promised place of eternity on Thursday, May 23, 2019. As well as being in the presence of Jesus, she is having a blessed reunion with the many loved ones that preceded her in death. They include: her parents, LeeRoy and Vivian "Dutch" Schoonover; husband, James; son, Charles Boyd; daughter, Theresa Fisher; son-in-law, Chad DeCino; and grandson, Christopher DeCino.

Frances had an enormous amount of love for her family and friends. She always let you know how much you meant to her. She enjoyed gardening, sewing, attending church, watching and caring for her many, many variations of birds. Her most important role was being a mother and grandmother. She loved getting together with her family to play dominos. She'll be sorely missed by all.

She is survived by her son, David (Camie) Boyd of Kearny; daughter, Char DeCino of Dudleyville; seven grandchildren and 18 great grandchildren; sister, Iva (Amos) Cline of Oracle; brother, Richard (Gayle) Schoonover of Tucson; and many nieces and nephews.

The family is grateful for THEMA and Griffith's Mortuary for their care and assistance.

Arizona Fire Fighters caution public: fraudulent fundraising phone calls happening statewide

PHOENIX – The Professional Fire Fighters of Arizona, the state's largest fire fighters' organization, has issued a warning to Arizona consumers: Beware of telephone solicitors pretending to raise money for fire fighters' charities.

"These scam phone calls happen frequently and recently we have had reports of an uptick in fake charity solicitations," said Bryan Jeffries, the president of the PFFA. "No reputable fire fighters organization in the state is using phone solicitors to raise money. If you get a phone call asking for a donation on behalf of an Arizona fire fighters' group, it's a fraud."

Consumers who get such calls are encouraged to take notes of the content of the call and the caller's phone number, then contact the Arizona Attorney General's Office either by phone or online. Consumer complaints can be filed at https://www.azag.gov/complaints/consumer.

Recent fake calls have included solicitors reportedly citing a group known as the "Fire Fighter Support Association."

According to Jeffries: "To my knowledge, that group has done nothing to support fire fighters in Arizona, nor do they have any affiliation with our organizations either at the state or local level. Every dollar donated to a fake group like this is a dollar siphoned away from legitimate charitable causes. That's an absolute shame."

The PFFA represents more than 7,000 fire fighters across the state of Arizona.

LETTER TO THE EDITOR

Tariffs on Mexico will harm Pinal County

In just the past month, we have seen some impressive articles about our grand county:

"Pinal County prepares for influx of thousands of new jobs"

"Pinal County on the road to becoming an automotive manufacturing juggernaut"

"Pinal County solar project picks up tech, retail, mining and government customers"

"Pinal County has some economic lessons for Gila County"

On Friday we learned that one person can throw that all away.

I'm speaking of our President.

On Friday, President Trump announced that he will enact tariffs on Mexico in order to punish them for the influx of illegal immigration. First of all, the only people who will be hurt by these tariffs will be you and me by spending more on fruits and vegetables.

Next, there are a lot of large projects slated to come to Pinal County in the next year such as Lucid Motors and Nikola Motors that depend upon favorable trade with Mexico. Our proximity to our neighbors to the south is one of the reasons they chose Pinal County for their multi-billion dollar enterprises that will also supply our residents with high paying jobs.

Like a bad target shooter, the President is going to be hitting Americans (particularly Pinal County residents) hard by this tariff, meanwhile Mexico will feel little, if no effect. In the end, there will still be illegal immigration.

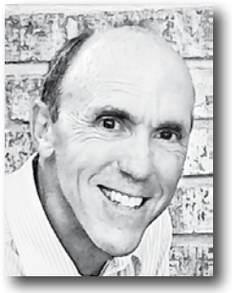

Even the Arizona Chamber of Commerce and Industry, and Senators Sinema and McSally are against this bad idea.

If Pinal County's Economic Development engine is stopped by these tariffs and other actions of the President, I can guarantee you it will be extremely difficult, if not impossible to get it started again. We have a once in a lifetime opportunity to become a major player in the international markets, but with the swoop of one signature, we can see that go away forever.

I am asking Governor Doug Ducey to stand against these tariffs and stand with Arizonans. Don't let small minded ideas take away our shot at greatness.

/s/ Pete Rios
Supervisor, District 1

Tinnitus, Say What?

HEALTH ISSUES

By Dr. Michael Miles
Special to the Miner

There were bells on the hill
But, I never heard them ringing
No, I never heard them at all
Till there was you. Meredith Wilson (Music Man)

And, now…it never stops. A gentle ringing in the ears can conjure up such delightful thoughts. Yet, when it becomes incessant, it can drive one batty. It tends to be a little more tolerable if one knows of its origin…such as exposure to loud gun fire in the service of one's country or the oft unregistered or forgotten immersions into rock-n-roll.

However, all too often it appears mysteriously, first being noticed in the quiet of night. Then the mind tunes into it and can't seem to escape it with any more success than one has with a clever little ditty that plays over and over in the head.

Tinnitus is as much of a mystery as to how it starts and permeates one's existence as it is to resolve. It is most commonly considered to be caused be trauma of some sort, though there are over 260 pharmaceutical drugs known to cause this irritation. It effects almost twenty percent of the population.

There are tiny, delicate hairs in the inner ear that vibrate with sound and transmit that motion to the brain via nerves. These hairs can get bent or broken from trauma and consequently transmit random sounds, which is what tinnitus is.

Common everyday causes can include consistent exposure to loud noises (for example, as experienced with ear buds for musical devices), stiffening of the bones that transmit sound through the middle ear, other age related issues and, sometimes, just simple wax buildup.

Less common causes of tinnitus can include a viral infection such as Meniere's disease, TMJ disorders, head or neck injuries, muscle spasms, eustachian tube dysfunctions and tumors like acoustic neuromas.

It is useful to identify the source of the unwanted sound in order to effectively address it. Tools at hand to help with this phenomenon include covering up the sound with other sounds (white noise), avoiding known irritants such as loud noises, caffeine, nicotine and other drugs, stress management, reduction of alcohol consumption that dilates the blood vessels or simply removal of impacted wax or fine tuning one's hearing aid.

Drugs that have shown some benefit include some anti-depressants and anti-anxiety meds and other nerve retardants. Alternative methods that have been effective include acupuncture, hypnosis, the herb Ginkgo biloba, melatonin and B vitamins and zinc.

Don't underestimate the value of background noise to help at night. Sleep deprivation can be a serious intrusion on one's health.

Dr. Michael Miles' Clinic is located at 15601 N. Oracle Rd. in Catalina behind Golf Cars of Arizona. You can learn more about the Catalina Clinic and Dr. Miles by visiting the website: www.catalinaclinic.com. To contact Dr. Miles or make an appointment at the clinic call 520-825-8100.

Sun Life welcomes Chief Financial Officer to Leadership Team

Sun Life is pleased to welcome Jessica Covey, MBA, MSA, to the organization's leadership team in the role of Chief Financial Officer (CFO).

Covey has a Master of Science in Accountancy and a Master of Business Administration. Jessica brings ten years' experience in in healthcare financial management and is a Certified Healthcare Finance Professional (CHFP).

"Jessica brings a well-rounded financial background to her role at Sun Life," said Travis Robinette, Sun Life's Chief Executive Officer. "We are pleased to have her join our team."

Covey states, "I am honored to be a part of the wonderful team of professionals at Sun Life Health, and to do my part in increasing accessibility to high quality healthcare in our Arizona communities."

Jessica Covey

ABOUT SUN LIFE FAMILY HEALTH CENTER

Sun Life Family Health Center is Pinal County's largest primary care provider, and was one of the first community health centers in the state to have received accreditation from the Joint Commission (the gold standard of quality in healthcare). Sun Life serves both insured and uninsured patients, and provides health services in family practice, dentistry, women's health, pediatrics, integrated behavioral health, diabetes education, and much more.

Sun Life operates several family practice offices, located in Apache Junction, Casa Grande, Coolidge, Eloy, Florence, Maricopa, Oracle, and San Manuel. Women's wellness and maternity services are available at our Centers for Women in Apache Junction, Casa Grande, Chandler and Maricopa. Both Family and Pediatric Dentistry are available in Casa Grande. Our Apache Junction, Casa Grande, Eloy, Florence, Maricopa, and San Manuel locations offer a public pharmacy. Sun Life offers Pediatrics in Casa Grande and Maricopa.

To learn more about office locations and hours, visit www.sunlifefamilyhealth.org. Sun Life... Excellence in health, wellness and education.

Prescribed fire planned for Aravaipa Canyon area the week of June 3; project will improve grasslands on the south rim

SAFFORD, Ariz. – The Bureau of Land Management's (BLM) Safford Field Office and Gila District Fire Management Office will conduct a multiple day prescribed burn in the Aravaipa Canyon area, pending appropriate weather and seasonal conditions, within the week of June 3, 2019. The South Rim Burn will cover approximately 15,726 acres of BLM and private land in the Aravaipa Canyon Ecosystem Management Area located 50 miles west of Safford. Most of the prescribed area lies within Pinal County.

Prescribed fires are intended to mimic natural fire frequency and intensity. They improve the health of the land by stimulating growth of desirable grasses, reducing invasive plants and managing fuel loads so that natural fires are less destructive. Large prescribed burns have been conducted in the Aravaipa Canyon Ecosystem Management Area since 1998. The burn is being coordinated with the Arizona Game and Fish Department and The Nature Conservancy Aravaipa Canyon

Oracle Fire District hosts volunteer appreciation dinner

On Saturday, April 27, the Oracle Fire District held an appreciation dinner for their volunteers who work many hours with both the Oracle CERT (Community Emergency Response Team) and the Oracle Firewise Board.

Special Recognition was given to CERT co-Chairs David Harris and Suzie Fairbanks, and Firewise co-Chairs Mary Harris and Margie Buchanon.

Other volunteers who were honored were: Kevin Armbrust, Holt Bodinson, Sandy Chavez, Collins and Suzie Cochran, Donnie Daugherty, Bob Elder, Leroy Fors, David Garcia, Virginia Gonzalez, Traci Gregg, Barbara and Bernie Haas, Kate Horton, Doug Johnson, Brian Kirkpatrick, Robert Kisling, Karen Lombardi, Jenine Meyer, Jim McNulty, Tom Nelson, Rachel and Michael Opinsky, John Predgo, Judy Sparkman, Dale Suter, and Peter VanKeuren.

Tina Acosta, Admin. Manager acted as Mistress of Ceremonies and, along with Fire Chief Robert Jennings, presented the volunteers with appreciation plaques.

The tables were then turned on Tina when she was surprised by those in attendance who honored Tina at the event. She was gently roasted by some of her friends who told some humorous stories about her as well as praised her. She was presented with an award for all her hard work and dedication to the Oracle Fire District. An award well deserved.

Oracle would not be the community-oriented fire district that it is without these wonderful, energetic, and caring individuals.

Thank you!

Special recognition was given to Oracle CERT Co-Chairs Suzie Fairbanks and David Harris. Pictured from left are Suzie, Tina Acosta, David and Oracle Fire Chief Robert Jennings.

Oracle Fire Chief Robert Jennings presented a special award to Tina Acosta for all her hard work.

Summer Reading Program at the San Manuel Public Library to introduce young readers to a 'Universe of Stories'

Readers of all ages will explore all things space this summer as the San Manuel Public Library presents "A Universe of Stories" during its summer library program.

Activities include a visit from a wildlife expert, Wildman Phil, crafts, coloring contests, movie matinees, cartooning (comic book), story book writing, a robotics program, space trivia and so much reading.

Registration for Summer Reading Program continues at the San Manuel Public Library. The program is geared for children in grades Kindergarten to sixth, but teens and adults are welcome to participate also. All participants who meet their reading goals will earn prizes and awards. A completion party will be announced later in the summer.

Activity calendars are available at the library or on their Facebook page. For more information, call the library at 520-385-4470 or visit the library at 108 W. 5th Ave., San Manuel, AZ.

All programs are free of charge.

So how about it, kids? Ready to blast off for some out-of-this-world reading fun?

Free summer programs offered for youths and parents

Arizona Youth Partnership and First Things First are sponsoring free programs this summer, one for youth and one for parents.

The Free Summer Youth Program for ages 9 through 15 will offer fun activities such as kickball, movie day, drug prevention activities and a pool party. Lunch will be provided for all who attend. All youths who attend all four sessions will receive a back-to-school backpack filled with supplies

This program will be held in three locations:

• Superior Town Hall, 199 N. Lobb Ave. in Superior on Wednesdays, June 19 and 26, and July 10, from 10 a.m. to noon; and, on July 17 from 6 p.m. to 8 p.m.

• Hayden High School, 824 N. Thorne Ave. in Winkelman on Tuesdays, June 18 and 26, and July 9 from 10 a.m. to

Anheuser-Busch delivers emergency drinking water to volunteer firefighters nationwide; deliveries to help departments prepare for upcoming wildfire season

Last week, Anheuser-Busch began to deliver approximately 300,000 cans of emergency drinking water to 26 of the country's volunteer fire departments, in partnership with the National Volunteer Fire Council (NVFC), to provide critical hydration to first responders in advance of wildfire season.

The Copper Corridor had two departments who were the recipients of this delivery: Pinal Rural Fire & Medical District and Hayden Fire Department.

Anheuser-Busch announced the expansion of its 30-year-old emergency drinking water program in April, and has committed to donating one million cans of clean drinking water in support of volunteer fire departments in 2019.

"Eighty-three percent of the nation's fire departments, which protect our communities from hazards of all kinds, are all- or mostly-volunteer," said Steve Hirsch, Chair of the NVFC. "Funding for needed resources is a constant challenge for many of these departments, making this donation even more important as it directly supports the health and safety of our firefighters and the communities they serve."

To officially kick off the expanded program, the brewer has worked closely with the NVFC to identify and select some of the most vulnerable markets across the country to receive this initial water delivery to help prepare for the upcoming wildfire season.

"As the country faces more natural disasters, like wildfires, preparation plays a major role in ensuring fire departments across the country have the resources they need to protect their friends and neighbors," said Adam Warrington, Vice President of Corporate Social Responsibility at Anheuser-Busch. "In the same way we have utilized our production strengths to can water throughout the year to support our communities at a moment's notice, these water donations – in advance of wildfire season – will provide critical hydration to help our nation's volunteer firefighters stand ready for our communities in times of need."

The program will also implement a rapid-response approach to support volunteer departments nationwide actively fighting wildfires throughout the year. Starting in June, volunteer fire departments across the U.S. will be able to request Anheuser-Busch emergency drinking water through the NVFC for their immediate or upcoming wildfire response needs. Additional information will be available at www.nvfc.org/water.

Through their local wholesaler partners, and in connection with the NVFC, Anheuser-Busch began delivering emergency drinking water to the following volunteer fire departments last week week:

- Arizona: Pinal Rural Fire & Medical District (Mammoth, AZ)
- Arizona: Hayden Volunteer Fire Department (Hayden, AZ)
- California: Mi Wuk Sugar Pine Fire Protection District (Twain Harte, CA)
- California: Suisun City Firefighters Association Inc. (Suisun City, CA)
- California: Graton Fire Department (Sebastopol, CA)
- California: Geyserville Volunteer Firefighters Association (Geyserville, CA)
- Colorado: Southwest Washington County Fire Protection District (Anton, CA)
- Colorado: Brush Volunteer Fire Department (Brush, CO)
- Colorado: Hillrose Snyder Volunteer Fire Department (Hillrose, CO)
- Idaho: Donnelly Rural Fire Protection District (Donnelly, ID)
- Iowa: Harlan Fire Department (Harlan, IA)
- Kansas: Girard Fire Department (Girard, KS)
- Kansas: Linn County Rural Fire Department (Pleasanton, KS)
- Massachusetts: Carver Fire Department (Carver, MA)
- Montana: South Kalispell Volunteer Fire Department (Kaispell, MT)
- Nebraska: Chadron Volunteer Fire Department (Chadron, NE)
- Nevada: Lovelock Volunteer Fire Department (Lovelock, NV)
- New Hampshire: Brookline Fire

Continued on page 9

Cases of canned water were delivered to the Pinal Rural Fire and Medical District last Thursday. The partial delivery included 7 pallets stacked 6 feet high with cans of water. The math for this delivery worked out to 16,464 cans of water. The final count, when all deliveries have been made, will total 51,744 cans of water.

Anheuser-Busch has a longstanding tradition of providing emergency drinking water and supplies for disaster relief efforts in partnership with the American Red Cross. Every year, the brewer periodically pauses beer production to can emergency drinking water, to be ready to lend a helping hand during natural disasters and other crises. Since 1988, Anheuser-Busch and their wholesaler partners have provided more than 80 million cans of water to U.S. communities affected by natural disasters nationwide.

ABOUT ANHEUSER-BUSCH

For more than 165 years, Anheuser-Busch has been woven into the cultural fabric of the United States, carrying on a legacy of brewing great-tasting, high-quality beers that have satisfied beer drinkers for generations. Today, we own and operate 23 breweries, 14 distributorships and 23 agricultural and packaging facilities, and have more than 18,000 colleagues across the United States. We are home to several of America's most recognizable beer brands, including Budweiser, Bud Light, Michelob ULTRA and Stella Artois, as well as a number of regional brands that provide beer drinkers with a choice of the best-tasting craft beers in the industry.

From responsible drinking programs and emergency drinking water donations to industry-leading sustainability efforts, we are guided by our unwavering commitment to supporting the communities we call home.

For more information, visit www.anheuser-busch.com or follow Anheuser-Busch on LinkedIn, Twitter, Facebook and Instagram.

Sea Lions open 2019 season with a win

The Sea Lions Swim Team traveled to Parkside (Florence Anthem) for the first swim meet of the 2019 Summer Season against the other six teams in the Central Arizona Swimming League. The Sea Lions won the meet with 523 points. Parkside finished 2nd with 337 points, Tucson finished 3rd with 329 points, Coolidge finished 4th with 226 points, Florence finished 5th with 68 points, Eloy finished 6th with 62 points, and Globe finished 7th with 53 points.

With all the teams in the League at the season opener, the meet was a good glimpse at how strong each team is early in the season. With the addition of a new team to the league (Tucson Aquabears), the level of competition continues to improve every year. The Sea Lions Swimmers have shown that they are willing to put in the work to stay on top.

The older Sea Lions dominated the meet. In both the 13-14 Age Group and the 15-18 Age Groups, a Sea Lion swimmer won every race. In every case, the closest competition came from a Sea Lion teammate.

SEA LIONS

Continued from page 10

The following swimmers had first place finishes on Saturday:
Cooper Dale, 11, (Medley Relay)
Athan Riekofski, 11, (Medley Relay)
Johnny Smallhouse, 12, (Fly, Back,100 Free, Breast, Free, Medley Relay)
Ethan Kellam, 13, (Fly, Back, 100 Free, Medley Relay, Free Relay)
Joey Castellanos, 13, (Free, Medley Relay, Free Relay)
Vincente Curry, 13, (Free Relay)
Mason Stewart, 13, (Breast, Medley Relay, Free Relay)
Mia Dale, 14, (Fly, Back, 100 Free, Breast, Free, Medley Relay, Free Relay)
Briana Castellanos, 14, (Medley Relay, Free Relay)
Robert Sanz-Anton, 14, (Free Relay)
Rianna Estrada, 15, (Medley Relay)
Tabitha Kellam, 15, (Back, 100 Free, Breast, Free, Medley Relay, Free Relay)
Evan Apuron, 15, (Fly, 100 Free, Breast, Free, Medley Relay, Free Relay)
AJ Lopez, 15, (Medley Relay, Free Relay)
Riley Stewart, 15, (Back, Medley Relay)
Aubrey Bridges, 16, (Free Relay)
Star Chavez, 16, (Free Relay)
Darien Apuron, 17, (Fly, Medley Relay)
Bonnie Bridges, 18, (Free Relay)

This was the first swim meet for Asher Riekofski (4), Gabriel Hudson (4) and Arizona Axe (7). They participated in all the events that they could complete and made the team proud.

Ethan Kellam was named Sea Lions Beast of the Week. He has shown a great work ethic in practice. He regularly practices so hard that the whole practice group works harder. Ethan won three individual races, and his relay swims were so good, that coaches bumped him up to an older age group on the final relay.

Asher Riekofski and Gabriel Hudson were named Baby Beasts of the Week. Both four-year-old swimmers completed their first race by swimming the length of the pool.

The Sea Lions have won the League Championship for 12 consecutive years, however Coach Alex Gort show some concern about keeping the streak going.

"The quality level of the League is

Copper Communities Food Hub is looking for local vendors for Superior and Dudleyville markets

The Copper Communities Food Hub invites local farmers and gardeners to sell at the Farm to Fantastic Markets in Superior and Dudleyville.

The Dudleyville market will be open the first and third Friday during the months of June, July, August and September from 9 a.m. to noon at the Dudleyville Multigen Center.

The Superior Farm to Fantastic Market will be open on the second and fourth Friday from 4 to 7 p.m. The Superior Farm to Fantastic Market will be held at the Superior Food Court located on Main Street. On June 14, the Town of Superior will celebrate the grand opening of the newly remodeled Food Court Park.

For more information on how to become a vendor at the markets please call Holly Brantley at 928-701-3097 or Shelbi Lindesmith at 330-592-4842.

The Copper Communities Food Hub - Farm to Fantastic Markets is a collaborative project between the Copper Corridor Economic Development Coalition and the Southern Gila County Economic Development Corporation. The projects are funded through a grant from the United States Department of Agriculture.

BREAKING NEWS ON FACEBOOK @ COPPERAREA

QUE PASA

COMMUNITY CALENDAR

San Manuel Seniors Fundraiser

San Manuel Senior Citizens are updating the Tri-Community Services Directory they published in 2016. Businesses and services that would like to be included need to send their information to San Manuel Senior Citizens, 210 Avenue A, San Manuel, AZ 85631. We are asking for donations to cover the cost of printing. Those who donate will receive a free copy of the directory. For more information, call Hazel Cooper 520-385-4586 (answering machine available) or Carlos Salazar 520-385-2076. Deadline to be included is June 30. The Directories will be for sale for $2. Proceeds will be used to pay the utilities on the San Manuel Senior Citizens building.

Survey for San Manuel Residents

Every 5 years, Pinal County receives grants from HUD. A 5-year plan that outlines the needs in the community and how HUD funds will be used is influenced by YOUR opinions on a brief online survey. Just type in PInal County Citizen Needs Assessment or go to http://www.surveymonkey.com/r/Pinal_County_Citizen_Survey. Please disregard deadline date on survey. If you have access to a computer please invite others you know to use yours. EVERY voice is important!

Mammoth Pool Schedule

The Town of Mammoth Swimming Pool admission is $3. Punch cards can be purchased for significant savings at Town Hall or at the Pool. The pool schedule is posted on the Town of Mammoth website (townofmammoth.us), the Mammoth Swimming Pool Facebook Page, at the Mammoth Pool, and locations throughout the Tri-Community.

Free Swim Lessons

The Town of Mammoth, the Sea Lions Swim Team, and SaddleBrooke Community Outreach are providing FREE swim lessons at the Mammoth Pool. Two sessions will be offered this summer. Each session runs for three weeks and will be held Tuesday – Thursday from 10 a.m. – 11 a.m. Session 2 starts Tuesday, June 15 . Registration forms are available at the Mammoth Pool,Town of Mammoth website, and the Sea Lions Swim Team website (sealionsswimteam.com). Please contact Wendy Gort at 896-2190 for more information.

JUNE

9 Copper Town Association June Meeting

The Copper Town Association will meet June 9 at 2 p.m. at the San Manuel Senior Center, 210 Avenue A, San Manuel. In July and going forward, the group will meet on the first Sunday of every month at 2 p.m. at the San Manuel Senior Center.

12 Winkelman NRCD Meeting Moved

The Winkelman NRCD quarterly meeting has been moved to June 12 at 10 a.m. at the General Kearny Inn. Lunch will be potluck.

15 Celebration of Life/Art Show

A celebration of Lou Ann Griffith's life and art is set for June 15, Lou Ann's birthday. Folks are welcome to come later and stay later as schedules allow. Bring your pictures and stories to share about this beautiful soul. The theme is Woman In A Box. There will be food, music and art. For more information, contact Kelly Griffith 520-250-4416.

PARENTING CLASSES

Continued from page 7

noon, and, on July 16 from 6 p.m. to 8 p.m.
• Oracle Community

Center, 685 N. American Ave. in Oracle on Thursdays, June 20 and 27 and July 11 from 10 a.m. to noon; and July 18 from 6 p.m. to 8 p.m.

If you are interested, please contact Aly Buhler at 801-660-9409 or Bridget Pendre at 520-391-0485.

In four sessions at Hayden High School, 824 Thorne Ave. in Winkelman, the Active Parenting: First Five Years program will offer classes for parents and other caregivers of children, aged birth through five years.

Attendees will learn the ages and stages of development of children from birth to age five, and, how to handle them. Effective discipline that young children can understand, ways to prepare preschoolers for scholastic success, using mindfulness to keep your cool, and more tools will be taught from Dr. Michael Popkin's Active Parenting workshops.

In these sessions, you will learn what a baby's cry means, ages and stages of development, building a strong bond, your child's growing brain, using mindfulness to keep your cool, effective discipline young children can understand, choices and consequences, six ways to prepare your child for school success and more. tFor more information on this program and sample videos, go online to www.ActiveParenting.com/FFY-parents.

Sessions will be from 4 p.m. - 5:30 p.m., Session 1 will be held Wednesday, June 19, Session 2 on Thursday, June 20, Session 3 on Wednesday, June 26, and Session 4 on Thursday, June 27. Food will be provided. There will be free diapers after every session and car seats available. Those who complete all four session will receive a $20 gift card. To sign up, please contact Bridget Penate by phone at 520-391-0485 or by email at bridgetp@azyp.org.

In Washington, the Auto Program is underwritten by Hartford Casualty Insurance Company. Auto program is currently unavailable in Massachusetts, Canada and U.S. Territories or possessions. Specific features, credits and discounts may vary and may not be available in all states in accordance with state filings and applicable law. Applicants are individually underwritten and some may not qualify.

ARAVAIPA CANYON

Continued from page 5

Preserve.

The Aravaipa Canyon Ecosystem Management Area contains 69,000 acres of desert grasslands and permanently flowing waterways under the stewardship of the BLM and The Nature Conservancy. The organizations work together to conserve and enhance the ecosystems in the area while providing recreation opportunities such as hunting, hiking and horseback riding. The area is located in Pinal and Graham counties.

"The Aravaipa Canyon has some impressive natural values, and these fire treatments are part of a long-term combined effort to conserve the area," said Safford Field Office Manager Scott Cooke.

Aravaipa Canyon area roads listed below will be closed from 6 p.m. the day before each burn to 6 a.m. the day after each burn is completed.

Specific road closures:

- Turkey Creek from the confluence of Aravaipa Canyon to the conjunction with the Rug Road.
- Rug Road from the conjunction with Turkey Creek to the conjunction with Dry Camp Canyon.

Fire crews will monitor the burned area during and after all prescribed burns. Prescribed burn information will be available the day of the burn at the Safford Field Office.

The BLM manages more than 245 million acres of public land located primarily in 12 Western states, including Alaska. The BLM also administers 700 million acres of sub-surface mineral estate throughout the nation. Diverse activities authorized on these lands generated $96 billion in sales of goods and services throughout the American economy in fiscal year 2017. These activities supported more than 468,000 jobs.

Public Notice Public Notice Public Notice

Arizona Water Company (the "Company") has released its 2018 Water Quality Report (Consumer Confidence Report) for its Oracle water system, PWSID 11-019. The Company will not be mailing a copy of the report to its customers, because Arizona Administrative Code R18-4-117, granted a mailing waiver to small water systems with a population less than 10,000 people. Copies are now available: at the Oracle office located at 470 E. American Avenue; via mail by sending a request to Arizona Water Company, P. O. Box 5209, Oracle, AZ 85623; via our website at www.azwater.com; or by calling the Oracle office at 520-385-2226. The entire report is also printed in the newspaper today. The Company recommends that customers serving more than one housing unit post a copy of the 2018 Water Quality Report in a conspicuous place.

ARIZONA WATER COMPANY

– 2018 ANNUAL WATER QUALITY REPORT FOR ORACLE, ARIZONA, PWSID NO. 11-019 –

This report contains important information about your drinking water.
Este informe contiene información importante sobre su agua potable.
Tradúzcalo o hable con alguien que lo entienda bien.

Arizona Water Company provides groundwater to its Oracle and SaddleBrooke Ranch customers from wells located near Oracle Junction and in SaddleBrooke Ranch.

All water samples are collected by state-certified employees of Arizona Water Company or by the Arizona Department of Environmental Quality ("ADEQ"). Samples are analyzed by state-certified independent laboratories and the results are forwarded to ADEQ. The following report provides detailed information about the quality of the water delivered to customers. The water supplied by Arizona Water Company complies with all state and federal safe drinking water standards and regulations.

DETECTED WATER QUALITY CONSTITUENTS - GROUNDWATER

Primary Standards

Water Quality Constituent	Units	MCLG	MCL	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent
Inorganics						
Arsenic	ppb	0	10	2 - 7	2012, 2017, 2018	Erosion of natural deposits; runoff from orchards; runoff from glass and electronics production wastes
Barium	ppm	2	2	0.02 - 0.04	2012, 2018	Discharge of drilling wastes; discharge from metal refineries; erosion of natural deposits
Chromium, Total	ppb	100	100	ND - 5	2012, 2018	Discharge from steel and pulp mills; erosion of natural deposits
Fluoride	ppm	4	4	0.2 - 1.3	2012, 2018	Erosion of natural deposits; water additive which promotes strong teeth; discharge from fertilizer and aluminum factories
Nitrate (as Nitrogen)	ppm	10	10	1.7 - 3	2018	Runoff from fertilizer use; leaching from septic tanks, sewage; erosion of natural deposits
Radiological						
Alpha Emitters	pCi/L	0	15	ND - 5	2015, 2018	Erosion of natural deposits
Combined Radium	pCi/L	0	5	ND - 1	2015, 2018	Erosion of natural deposits

Disinfectant / Disinfection Byproducts

Water Quality Constituent	Units	MCLG (MRDLG)	MCL (MRDL)	Average Level Detected	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent
Chlorine Residual	ppm	(4)	(4)	1.1	0.6 - 1.7	2018	Drinking water disinfection
Total Trihalomethanes	ppb	NA	80	6.4	4 - 8	2018	Byproduct of drinking water disinfection
Additional Constituents (Unregulated)							
Sodium	ppm	NS	NS	39	25 - 54	2018	Unknown

Lead and Copper Monitoring

Water Quality Constituent	Units	MCLG	Action Level	90th Percentile of Sample Results	Number of Samples That Exceeded the Action Level	Sample Year	Typical Source of Detected Constituent
Copper	ppm	1.3	1.3	0.2	0	2016	Internal corrosion of household water plumbing systems; erosion of natural deposits; leaching from wood preservatives
Lead	ppb	0	15	2	1	2016	Internal corrosion of household water plumbing systems; erosion of natural deposits

Your drinking water complies with the United States Environmental Protection Agency's ("USEPA") safe drinking water standard for arsenic, though it contains low levels of arsenic. USEPA's safe drinking water standard balances the current understanding of arsenic's possible health effects against the costs of removing arsenic from drinking water. USEPA continues to research the health effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects such as skin damage and circulatory problems.

Public Notice Public Notice Public Notice

Note: In addition to the constituents listed in this report, Arizona Water Company and ADEQ conducted monitoring for over 90 additional constituents and the results show none of those constituents were detected in the water. Data presented are from the most recent testing done in accordance with applicable regulations. Some constituents are monitored less frequently than once a year because either their concentrations do not change frequently or they are not likely to be detected. Therefore, some of the water quality testing data contained herein, although representative, may be more than one year old. If you have questions about this water quality report, please contact Regina Lynde, Environmental Compliance Manager, Arizona Water Company, P. O. Box 29006, Phoenix, Arizona 85038-9006; telephone (602) 240-6860 or email mail@azwater.com.

In 2003, ADEQ completed a Source Water Assessment of the water sources used by Arizona Water Company's Oracle water system. ADEQ reviewed the adjacent land uses that may pose a potential risk to the water sources. The result of the Assessment was a low risk to the water sources.

The complete Assessment is available for inspection at ADEQ, 1110 West Washington Street, Phoenix, Arizona 85007, between the hours of 8:00 a.m. and 5:00 p.m. Electronic copies are available from ADEQ at dml@azdeq.gov. For more information, visit ADEQ's Source Water Assessment and Protection Unit website at: www.azdeq.gov/environ/water/dw/swap.html.

The USEPA and ADEQ require Arizona Water Company to provide the following information:

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some constituents. The presence of constituents does not necessarily indicate that water poses a health risk. More information about constituents and potential health effects can be obtained by calling the USEPA's Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to constituents in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. USEPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial constituents are available from the Safe Drinking Water Hotline (800-426-4791).

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radiological material, and can pick up substances resulting from the presence of animals or from human activity.

Constituents that may be present in source water include:

- *Microbials, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.*
- *Inorganics, such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.*
- *Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses.*
- *Organics, including synthetic and volatile organic chemicals, which are byproducts of industrial processes and petroleum production. They can also come from gas stations, urban stormwater runoff, and septic systems.*
- *Radiological material, which can be naturally-occurring or be the result of oil and gas production and mining activities.*

In order to ensure that tap water is safe to drink, USEPA prescribes regulations which limit the amount of certain constituents in water provided by public water systems. FDA regulations establish limits for constituents in bottled water which must provide the same protection for public health.

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Arizona Water Company is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the USEPA's Safe Drinking Water Hotline or at http://www.epa.gov/lead.

DEFINITIONS, ABBREVIATIONS, AND UNIT DESCRIPTIONS:

Action Level	=	The concentration of a constituent which, if exceeded, triggers treatment or other requirements which a water system must follow.
CDC	=	United States Centers for Disease Control and Prevention
FDA	=	United States Food and Drug Administration
MCL	=	Maximum Contaminant Level, the highest level of a constituent that is allowed in drinking water. MCLs are set as close to the MCLGs using the best available treatment technology as is economically and technologically feasible.
MCLG	=	Maximum Contaminant Level Goal, the level of a constituent in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
MRDL	=	Maximum Residual Disinfection Level, the highest level of a drinking water disinfectant that is allowed in drinking water
MRDLG	=	Maximum Residual Disinfection Level Goal, the level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial constituents.
NA	=	None adopted
ND	=	None detected
NS	=	No standard
pCi/L	=	Picocuries per liter
ppb	=	Parts per billion, or micrograms per liter (µg/l)
ppm	=	Parts per million, or milligrams per liter (mg/l)
PWSID	=	Public Water System Identification

SEA LIONS

Continued from page 11

improving so rapidly that it will be harder than ever to stay on top," Gort said. "Having several younger swimmers compete for the first time is exactly what we needed if we hope to keep the Sea Lion legacy going."

The Sea Lions will host a meet against a very good Tucson Aquabears Team at the Mammoth Pool on Saturday, June 8.

There is still time to join the team - contact Alex or Wendy Gort at 896-2190 or stop by the Mammoth Pool between 4 and 5:30 p.m., Monday through Friday, for more information.
